Upcoming General Body Meeting

Jax ASCE will soon return with its bimonthly GBM's. We expect our next meeting/seminar to be in late October. The decision whether we will hold the meeting in-person or virtually is still pending.

Until then, you have two great alternatives if you are seeking education and PDH credits.

- ASCE members have access to webinars that can provide up to 10 PDH credits upon completion. To view them, click the link [Here](#).
 - FES is also hosting bimonthly meetings in the months between ours. Their first meeting will be on September 21, and will continue to be on the third Tuesday of the month following that. Their website can be found [Here](#).

Annual Fundraiser

This year, ASCE is continuing their annual fundraising event for scholarships for UNF students. Unlike before, we are now hosting the event at Topgolf! Teams will be joined by UNF students, where they can work together to compete in this golf tournament. There will also be dinner, drinks, and a raffle for various prizes. More information can be found in the flier above.

Send an email to secretary@jaxasce.com to register or for any questions.

Young Engineer of the Year

CONGRATULATIONS to Jennifer Kennedy on receiving the award for Young Engineer of the Year. Jennifer is a traffic/ITS engineer and project manager, has a Master of Science degree in Geospatial Surveying Engineering, and she is currently the president of this Jacksonville Branch of ASCE! We are very proud of her!

New ASCE Life Members

We are happy to announce that a few of our Jacksonville engineers are now Life Members of ASCE. That means that these members are 65 or older, and have been a member for a total of 35 years, with the last +10 years of membership being uninterrupted.

Congratulations to:

- Richard L Cronenberg, P.E., M.ASCE
 - James Sandlin Daniel, P.E., M.ASCE
 - William Ronald Woods, P.E., M.ASCE

Fall PE Exam Review Course

Our review course is returning for the PE Exam on October 21st. The schedule is still tentative, but it is expected to start September 13th, taking place every Monday and Wednesday until October 6th. They will be live lectures, covering each section of the "breadth" (A.M.) portion of the exam. Notes will also be provided. Stay tuned for additional details and registration!
