

FLORIDA SECTION

Jacksonville Branch

Happy New Year!

Together, we've achieved so much, and 2025 promises to be even better with exciting events and opportunities ahead.

Missed the YMG Skill Up Webinar in December on ASCE Membership Benefits?

Don't worry, we have you covered! Click on the link below to learn more about the various membership benefits with ASCE!

[Check out your ASCE Member Benefits here!](#)

Our Branch and YMG are working hard to plan many events for our members. Check out our upcoming events and register using the link below!

Let's celebrate the engineering profession together! For more information regarding company sponsorship, event details, student scholarships, and professional awards, please visit our website at <https://nefleweek.com/>

What kind of goals do our members have for the upcoming year?
Check out their goals below!

Josh Orellana
JEST Chair

2025 ASCE and Professional Goals:

Make the jump to Design Associate II at Haskell

Help prepare Mary Redenius to transition to JEST President.

Crystal Markley
Past Branch President

2025 ASCE and Professional Goals:

Find a new way to serve within the ASCE Jacksonville Branch or Florida Section. I'd like to explore ways to recognize the good work our members are doing to support the ASCE community.

A personal goal is to complete an outline for the book I want to write.

Madeline Batey
Branch Webmaster & YMG VC

2025 ASCE and Professional Goals:

I accomplished a big career goal in 2024 - getting my PE License! In 2025, I'm excited to start earning PDHs at the luncheons and technical events the Jacksonville Branch has to offer.

In 2025, a goal I have is to continue growing our Younger Member Group and foster more partnerships with other organizations in Northeast Florida.

Interested in getting involved in an ASCE Technical Committee? Join Rex Robinson, our Technical Committees Chair, and the Technical Committee as they put together upcoming Technical Events for our Branch! Email rexjaredrobinson@gmail.com to learn more on how you can join.
